

Computer Science Aptitude Test

2020

- The test duration is 210 minutes, which includes 30 minutes for scanning and uploading all scripts.
- There are 13 questions, each equally weighted. Your best 6 questions are considered. You can choose the questions to answer. All questions attempted are marked. Partial answers and rough work are also considered and cannot disadvantage you.
- Start a new question on a new page – do not answer multiple questions on the same page.
- Show sufficient justification for every answer in order to make your solutions clear to the Examiner.
- Calculators, phones, watches, smart-glasses, other electronic devices, beyond those strictly required for taking the test, are **not** permitted.

It is recommended that you:

- *first read through all questions,*
- *aim for 6 questions.*

Good luck!
